Society of PEDIATRIC PSYCHOLOGY
Division 54 of the American Psychological Association

Dennis Drotar Distinguished Research Award in Pediatric Psychology

2027 SPP Awards of Distinction for Faculty and Staff

Formerly known as the Logan Wright Distinguished Research Award, this award recognizes excellence and significant contributions in establishing the scientific base of pediatric psychology. Nominations can be made for one particularly significant contribution or a series of contributions in a programmatic area. Nominations and endorsements should include an evaluative summary of the contribution, noting the positive impact of the nominee's research and detailing the extent of scholarship given productivity.

Dennis Drotar Distinguished Research Award in Pediatric Psychology
2027 SPP Awards of Distinction for Faculty and Staff

Instructions

The Society of Pediatric Psychology invites applications for six faculty and staff awards. These awards recognize outstanding achievement across a range of professional activities. This is an important opportunity to recognize a deserving colleague or mentor.

The application and supporting materials are due **Monday, January 4th, 2027.**
Nominations should include and be limited to the following:

a. 2 nomination letters using a standardized recommendation form
b. The nominee's CV

Nominees for all awards must be members of SPP. Elected and appointed SPP Board of Directors members serving during the award year are not eligible for any of these awards. Board members rotating off at end of calendar year prior to the awards being announced are eligible.

TO APPLY – Email ONE pdf to info@pedpsych.org that contains all the collated nomination materials (2 nomination letters and nominee CV). Please title the PDF with nominee's name and award name, for example: "Joe Smith ROUTH EARLY CAREER AWARD.pdf."

Questions? Please contact info@pedpsych.org.

Nomination Letter 1

Nominator Name:
Institution:
Position:
Contact information (email/phone):

Please complete the following (2 pages)

- Please comment on this candidate's scholarly products- quality of peer reviewed publications, grants etc.
- Describe the national and international impact this research has had
- Describe how this research serves inclusive populations- is not focused on the white majority, offers insights across SES, ethnicity, race, gender, etc.
- Describe how this research is value-added- really makes a contribution to pediatric psychology
- Please include any other notable activities or qualities to support this person's nomination

In our efforts to reduce unconscious and conscious bias, be a more inclusive society, and to recognize the contributions of those who may not always be in the spotlight or traditional pipeline, we would like you to comment on the following.

- Did this candidate face challenges in obtaining his/her/their achievements? Think through privilege and how it opens doors- did this individual have to knock extra doors to get things done? Please comment.
- Describe how this person serves as a role model for others from nontraditional pathways or underrepresented groups.
- Describe how this candidate's work/achievement impacts SPP's commitment to inclusion, improving our diversity pipeline, reducing health disparities?
- How does this candidate's work fit with SPP mission, vision, and strategic plan?
- Are there other contributions/factors/considerations that make this person's achievements even more notable?
