

Poster Session 1 March 30, 6:00pm-7:00pm			Topics: Adherence, Allergic Diseases, Critical Care, Diversity, Gastroenterology, Hematology/oncology, Intervention Development, Leadership, Measure Development, Neonatology, Palliative Care, Patient & Family Voices, Qualitative Research & Social Justice			
Poster #	Last Name	First Name	Title	Primary Topic	Abstract ID	Other Presenter Name
1	Ahrabi-Nejad	Corrine	Neuropsychology Evaluations and Hematology/Oncology Patients: Barriers and Facilitators to Completing Neuropsychology Evaluations	Hematology/Oncology	2908	
83	Alvarez-Salvat	Rose	Racial and Ethnic Minority Disparities in Diabetes Control and Psychological Functioning	Diversity	3335	
50	Anil	Ashley	Transition Readiness of Young Adult Survivors of Pediatric Brain Tumors: Condition Management Ability and Social Determinants of Health	Hematology/Oncology	3587	
115	Baber	Kari	Evaluating Referral Equity and Perceived Barriers to Behavioral Treatment of Rumination Syndrome in an Outpatient Subspecialty Clinic	Gastroenterology	3227	
73	Balistreri	Kathryn	"It Was Pretty Simple, Quick, and Easy": Participant Feedback Regarding Text-Message Assessment of Parent Experiences in the Pediatric Intensive Care Unit	Critical Care	3536	
76	Barakat	Lubna	The Influence of Culture & Health Literacy on Medical Communication with Families of Children in the PICU	Critical Care	3369	
2	Basile	Nathan	Perceived Barriers to Pediatric Cancer Care, Illness Uncertainty, and Caregiver Self-Efficacy	Hematology/Oncology	2796	
3	Bates	Carolyn	A Multi-Pronged, Programmatic Approach to Participant Recruitment during Pediatric Cancer Treatment	Hematology/Oncology	3192	
4	Belkin	Elise	Exploring Resilience in Youth with Sickle Cell Disease: Relationships Between Cumulative Risk, Secondary Control Coping, and Health-Related Quality of Life	Hematology/Oncology	2872	
63	Benhayoun	Ashley	Pediatric Cancer Symptoms Reported by Child-Caregiver Dyads and Associations with Social Determinants of Health	Social Justice	3290	
64	Berlin	Kristoffer	Use of Inclusive Language Within the Handbook of Pediatric Psychology (5th Edition): The APA Diversity, Equity, & Power Terms (ADEPT) Study	Social Justice	3009	
65	Bhatia	Ayesha	Communication about Racial and Ethnic Socialization with the Youth: An Exploration of the Literature	Social Justice	2975	
5	Bills	Sarah	Sources of illness uncertainty reported by caregivers of children newly diagnosed with cancer in a mobile application	Hematology/Oncology	3420	
84	Birnbaum	Richard	Year 2: Summer Camp to Expose Youth in Under-Resourced Areas to Psychology	Diversity	2768	
135	Blair	Alexandra	Parental Gender Moderates the Relation Between Parent Asthma Management Self-Efficacy and Quality of Life among Parents of Children with Asthma During COVID-19	Allergic Diseases	2888	
101	Bold	Eleanor	Putting Research into Practice: Interdisciplinary Implementation of Universal Mental Health Screening in a Pediatric Renal Transplant Clinic	Intervention Development	3495	
102	Bolden	China R.	Learning About You: Facilitating Challenging and Crucial Conversations in Pediatric Mental Health Care	Intervention Development	2962	
48	Braniecki	Suzanne	NEUROCOGNITIVE OUTCOMES IN CHILDREN, ADOLESCENTS & YOUNG ADULTS WITH HIGH-RISK SICKLE CELL DISEASE (SCD) WHO HAVE UNDERGONE FAMILIAL HAPLOIDENTICAL STEM CELL TRANSPLANTATION (HCT): DOES GRAFT VS. HOST DISEASE (GVHD) PLAY A ROLE?	Hematology/Oncology	3566	

53	Briggs	Haley	Centering the Caregiver in the Development of a New Measure of Benefit-Finding and Growth in Caregivers of Youth with Spina Bifida	Measure Development	3040	
6	Buron	Laurianne	Investigation of full and partial facial affect recognition in pediatric brain tumor survivors and their associations	Hematology/Oncology	3346	
136	Catlin	Perry	Evaluating Interest In Clinical Trial Participation for the Treatment of Pediatric Food Allergy	Allergic Diseases	3483	
120	Chen	Yanglu	Patient and Family Perspectives on Life After Pediatric Stem Cell Transplantation	Patient & Family Voices	2937	
137	Chuning	Anne	The Impact of Asthma on Neurocognitive Performance: Preliminary Results from the ABCD Study	Allergic Diseases	2794	
121	Clark	Olivia	Parent Perceptions of Spina Bifida: Understanding Parent Knowledge of Problems, Etiology, and Treatment	Patient & Family Voices	3164	
54	Coburn	Shayna	Addressing Measurement Gaps in Disease-Specific Quality of Life: The CDLIFE for Celiac Disease	Measure Development	3086	
7	Colton	Zachary	Development of a Sickle Cell Disease Fertility Education Program for Male Adolescents and Young Adults	Hematology/Oncology	2720	
69	Conour	Cecily	Self-control in pediatric migraine management: A topical review of the current literature	Adherence	3022	
85	Cooke	Frances	Building A Strong Foundation: evaluation of a diversity, equity, and inclusion (DEI) program for onboarding pediatric psychology research assistants (RAs)	Diversity	3332	
103	Coulthard	Kelsey	Parent Acceptability of a Technology-Enhanced Intervention Targeting Morning Routines in Children with ADHD	Intervention Development	2770	
114	Curci	Sarah	Evaluation of Screening Timing and Parental Depressive, Anxiety, and Trauma Symptoms in a Level IV Neonatal Intensive Care Unit	Neonatology	2995	
104	Dale	Chelsea	Evaluation of an Intensive Telehealth Intervention for Youth with Tics and Co-Occurring Diagnoses: A Case Series	Intervention Development	2974	
122	D'Angelo	Christina	"Nothing About Us Without Us": Integrating the Patient Voice into Program Development Efforts within a Comprehensive Sickle Cell Center	Patient & Family Voices	2890	
55	Darban	Behnaz	MODIFYING AN ADULT VERSION OF A CANCER SYMPTOM INVENTORY TO BE USED WITH CHILDREN WITH CANCER	Measure Development	3367	
8	Darow	Eva	Coping Predicts Benefit Finding in Survivors of Pediatric Cancers	Hematology/Oncology	2984	
123	David	Jennie	What Does It Mean to Have True Patient Engagement? Conceptualizing Successful Patient Engagement in Learning Health Systems	Patient & Family Voices	2769	
105	Davis	Kathryn	Preferences for Parent Involvement in a New Trauma-Focused Group Intervention for Siblings of Youth with Cancer: A Mixed-Methods Study from a Racially and Ethnically Diverse Sample of Parents, Siblings, and Providers	Intervention Development	3001	
9	DeLone	Alexandra	Parents' Experience of Pediatric Cancer as a Mediator of Barriers to Care and Child's Quality of Life	Hematology/Oncology	3031	
10	DeRosa	Branlyn	Targeted Pre-Visit Psychosocial Screening to Increase Access to Psychology Services for Children and Adolescents with Cancer Predisposition Syndromes and their Family	Hematology/Oncology	3157	
11	DiCola	Katie	What do Hematology, Oncology & Stem Cell Transplantation Healthcare Providers Understand About the Neurocognitive Needs of their Patients: Using Quality Improvement to Identify Barriers to Care	Hematology/Oncology	2875	

75	Dilly	Laura	Identifying A Longitudinal Predictive Model for Pediatric Suicide Attempts Presenting at Pediatric Emergency Departments	Critical Care	2924	
70	Durkin	Kristine	Race/ethnicity moderates the effects of gender on predictors of adherence to asthma medication use across the transition to high school	Adherence	3148	
116	Edwards	Clayton	The Influence of Parent Illness Stigma, Illness Intrusiveness, and Overparenting on Youth Depressive Symptoms in Inflammatory Bowel Disease (IBD)	Gastroenterology	2956	
12	Ehrhardt	Meredith	Psychosocial Needs of Pediatric Patients with Cancer Predisposition Syndromes: Standardized Screening Needed	Hematology/Oncology	3406	
86	Elloumi	Sahar	Are adapted behavioral parent training (BPT) interventions effective in improving treatment engagement and, in reducing drop-out rates in minority families?	Diversity	3487	
117	Evans	Corinne	Assessing the Effects of Resilience and Coping on Quality of Life in Youth with Functional Abdominal Pain Disorders	Gastroenterology	2760	
124	Faith	Melissa	Feasibility and acceptability of Motivational Interviewing targeting maternal presence in neonatal intensive care among an ethnically and linguistically diverse sample	Patient & Family Voices	2954	
13	Fantozzi	Peter	White Matter Connectivity and Social Functioning in Survivors of Pediatric Brain Tumor	Hematology/Oncology	3214	
87	Fisher	Allison	LEND trainees' perceived willingness to address microaggressions in healthcare settings	Diversity	2742	
14	Foster	Jasmeka	Healthcare Transition Planning in Pediatric Blood Disorders: Impact of Provider Communication and Psychosocial Problems	Hematology/Oncology	3375	
47	Fox	Hannah	Parental Report of Psychological Symptoms in Pediatric Cancer Patients	Hematology/Oncology	3562	
15	Garcia	Ana	Factors that Moderate Informant Agreement about Emotional Adjustment in Pediatric Brain Tumor Survivors	Hematology/Oncology	3156	
59	Garcia	Andrea	Measurement-Based Care in Pediatric Psychology Outpatient Clinics	Measure Development	3533	
16	Gillooly	Elizabeth	Systemic Inflammation in Sickle Cell Disease and Neurobehavioral Outcomes	Hematology/Oncology	3029	
66	Glownia	Karen	The Interactive Effects of the Food Environment and SNAP Participation on the Fruit & Vegetable Intake of Head Start Families	Social Justice	3071	
100	Grennan	Allison	Advancing Gender Equity for Women in Healthcare through a Community of Practice: An Exemplar Approach for Academic Medicine	Leadership	3476	
17	Gretkierewicz	Sabrina	Implementing Broad Psychological Screening for Pediatric Cancer Survivors	Hematology/Oncology	3176	
138	Griffin	Danielle	Help-Seeking and Help-Giving: Impact of Childhood Food Allergy and Age on Autonomy Development and Parenting Practices	Allergic Diseases	3414	
18	Hammer	Shannon	Psychosocial Maturity and Attitudes Toward Clinical Trials for Adolescents and Young Adults Newly Diagnosed with Cancer: The Role of Social Vulnerability	Hematology/Oncology	3355	
19	Harry	Kasey	Nocturnal Enuresis, Family Functioning, and Stressful Life Events Among Youth with Sickle Cell Disease	Hematology/Oncology	3141	
62	Hatley-Cotter	Allison	Use of Quality Improvement to Develop and Evaluate Interprofessional Resources for Providers and Families to Reduce Procedural Anxiety in an Outpatient Specialty Clinic	Quality Improvement	3563	

88	Heckler	David	DIVE in Psychology: A Program to Help Under-Represented Undergraduates Gain Acceptance into Graduate School in Psychology	Diversity	3189	
106	Hefner	Tristen	The Role of Physical Activity in the Association Between Social Problems and Internalizing Problems	Intervention Development	2898	
107	Heidari	Zohal	Self-Report of Social Support and Satisfaction for an Adaptation of the Body Project Program during the COVID-19 Pandemic	Intervention Development	2761	
67	Herbert	Linda	Addressing Food Insecurity among Medical Populations with Unique Dietary Needs	Social Justice	3444	
145	Hill	Kylie	Impact of the COVID-19 Pandemic on Families of Adolescents with Poorly Controlled Asthma	Allergic Diseases	3561	
20	Hood	Anna	Psychological Wellbeing and Quality of Life among Pakistani Caregivers of Children with Thalassemia	Hematology/Oncology	3473	
89	Howe	Meghan M.	Demographic reporting practices in pediatric GI psychosocial intervention research: Common problematic practices and implications for treatment.	Diversity	2946	
130	Inverso	Hailey	Seeing Eye-to-Eye: Associations Between Adolescent-Caregiver Discordance on Reports of Pediatric Sleep, Demographic Characteristics, Anxiety, and Depressive Symptoms in Pediatric Inflammatory Bowel Disease	Gastroenterology	3548	
90	Islam	Samiha	Promoting Diversity, Equity and Inclusion Through Anti-Racism Centered Book Clubs	Diversity	3353	Leela Morrow, PsyD
139	Jaquez	Sasha	The Use of Virtual Reality during Pediatric Dermatology Procedures	Allergic Diseases	3408	
91	Jean	Elizabeth	Childhood Adultification Bias Experiences as a Predictor of Weight-Management Behaviors in Emerging Adulthood	Diversity	3277	
148	Johnson	Madeline	Assessing the Emotional Impact of the Name "Palliative Care" on Community Parents	Palliative Care	3590	Leonard Brasuel
46	Jones	Anna	Programmatic efforts to support psychosocial, educational, and cognitive functioning during and following treatment for pediatric cancer	Hematology/Oncology	3529	
51	Jones	Torri	Pre-Transplant Screening and Psychosocial Risk: Implications for Improving Access to Behavioral Health Care.	Hematology/Oncology	3589	
60	Jordan	Julia	Come as You Are: Sex Education for LGBTQ+ Individuals on the Autism Spectrum	Qualitative Research	3440	
125	Kahhan	Nicole	Innovative Strategies for Assessing and Addressing Health Care Disparities	Patient & Family Voices	2895	
71	Kalpakistan	Dianna	Feasibility and acceptability of Changing Habits: Adherence, Resources, and Motivation in Sickle Cell (CHARMS)	Adherence	2835	
118	Kamara	Dana	What patients experience and how healthcare professionals ask: An exploration of fatigue and sleep in pediatric IBD	Gastroenterology	2772	
108	Kawamura	Joy	Leveraging telehealth technology to increase access to evidenced based intervention for treatment of needle phobia in medically ill youth and general pediatric populations	Intervention Development	2725	Joanna Patten
21	Keim	Madelaine	Characterizing Post-Traumatic Growth and the Cognitive Engagement and Disengagement Strategies that Promote Growth in Caregivers of Children with Cancer	Hematology/Oncology	2717	
146	Kenney	Ansley E.	Adhering to the Standards for Psychosocial Care: BMT Provider Perceptions of Pediatric Palliative Care Involvement	Palliative Care	3273	
119	Kesner	Nicole	Examining physical limitations in relationship to pain severity and frequency in adolescents and caregivers of youth with gastrointestinal disorders	Gastroenterology	3371	

22	King	Kathryn	The influence of socio-economic factors and parent involvement on outcome after a pediatric cognitive remediation program	Hematology/Oncology	3326	Tiffany Tucker (co-first-author)
23	Klages	Kim	Pain, Internalizing Symptoms, Posttraumatic Stress, and Alcohol Use among Young Adult Survivors of Childhood Cancer	Hematology/Oncology	2793	
92	Ko	Clara	Longitudinal Impact of Ethnicity and Health Factors on Executive Functioning and Adherence in Pediatric Cancer	Diversity	3456	
140	Koskela-Staples	Natalie	Attitudes about Physical Activity Engagement Among Adolescents with Comorbid Asthma and Overweight/Obesity and Their Caregivers	Allergic Diseases	3441	
147	Kovalenko	Julia	Examining Disparities in Inpatient Palliative Care Psychology Consults Across Race and Gender	Palliative Care	2966	
24	Kozak	Megan	Economic, Medical, and Family Risk Factors Associated with the Quality of Survivorship for Children with Brain Tumors	Hematology/Oncology	3116	
56	Kritikos	Tessa	Inclusive Measure Development: Amplifying the Voices of Adolescents and Young Adults with Spina Bifida in a New Measure of Benefit-Finding and Growth	Measure Development	2919	Alana Encalade; Millicent Hendrix
