

MARCH 30 - APRIL 1, 2023 | CHICAGO, ILLINOIS

PEDIATRIC PSYCHOLOGISTS AS SOCIAL JUSTICE CHANGE AGENTS ACROSS SCIENCE, PRACTICE, TRAINING, AND POLICY.

SOUMITRI SIL, PHD 2023 CONFERENCE CHAIR SOUMITRI.SIL@EMORY.EDU NAADIRA UPSHAW, PSYD 2023 CONFERENCE CO-CHAIR NUPSHAW@EMORY.EDU

#### WELCOME FRIENDS AND COLLEAGUES!

We warmly welcome you to Chicago for the 2023 Society of Pediatric Psychology Annual Conference (SPPAC). Please take a few minutes to read through the program, where you will find information regarding pre-conference workshops, plenary addresses, scientific symposia, professional development sessions, poster presentations, paper presentations, networking opportunities, and continuing education.

In developing this year's program, we focused on the theme Pediatric Psychologists as Social Justice Change Agents across Science, Practice, Training, and Policy. Through this lens, our featured presentations, workshops, and invited speakers focus on actionable and pragmatic steps and strategies to support the fair and equitable distribution of culturally informed, evidence-based healthcare to all children and their families. We hope you share in our excitement about this program!

Building on the success of previous SPPACs, we are truly overwhelmed by the record number of oral and poster submissions received this year, reflecting our members' support and enthusiasm for this conference and our profession. We are so proud to showcase the amazing work led by our members and wish we had the ability to highlight all the innovative and impactful work that was submitted. Please keep a look out for our inaugural publication of the Journal of Pediatric Psychology Supplemental Issue featuring poster abstracts presented at SPPAC this year!

We have many people to thank for their dedication and commitment to SPPAC, including the SPP Board of Directors, Scientific Program Committee, conference sponsors, conference planning committee, communications team, abstract reviewers, and our management associates. Please see the following pages for a detailed listing of those whose contributions have made this year's conference a success. We want to acknowledge Janice Wilkins and Emma Caceres of Degnon Associates, both of whom were a pleasure to work with. We also want to personally thank Alyssa Czerwinski, Annie McSherry, and Karla Schultz of Executive Director Incorporated (EDI) for their tireless efforts. Their time and contributions to this conference amid transitioning association management companies were invaluable!

Finally, we thank all of you for contributing to this conference and for your enthusiasm year after year. Without your interest, expertise, and scientific contributions, SPPAC would not be possible. We recognize that the decision to attend SPPAC 2023 within the context of the evolving public health pandemic and financial climate is not taken lightly. Please accept our sincere appreciation for your commitment to SPP. We hope you enjoy the meeting and quality time spent with new and old friends and colleagues.

Soumitri Sil, PhD, ABPP Conference Chair

Naadira Upshaw, PsyD Conference Co-Chair

## SPPAC 2023: PEDIATRIC PSYCHOLOGISTS AS SOCIAL JUSTICE CHANGE AGENTS ACROSS SCIENCE, PRACTICE, TRAINING, AND POLICY

#### Mission of the Society of Pediatric Psychology Annual Conference (SPPAC)

The SPPAC aims to advance SPP's mission by:

- 1. Advancing the science of pediatric psychology and related fields through dissemination of cutting edge research; promotion of research that is culturally, ethically and developmentally sensitive and includes diverse populations; and education on evidence-based assessment, intervention, and emerging areas of research, clinical care and policy.
- 2. Providing a forum for individuals at all levels, from students to established investigators and clinicians, to facilitate consultation, collaboration and mentorship.
- 3. Promoting the role and value of pediatric psychology in a changing healthcare environment nationally and internationally.

#### SPPAC CONFERENCE OBJECTIVES

- 1. To provide up-to-date information on evidence-based practice in pediatric psychology services for children and families.
- 2. To provide a forum for presentation and discussion of current research in pediatric psychology, and how such research informs clinical practice, service delivery, and policy decisions.
- 3. To provide opportunities for productive interaction between and among researchers, practitioners, and trainees.

#### **Continuing Education**

Society of Pediatric Psychology/SPP

2023 Society of Pediatric Psychology Annual Conference March 30 – April 1, 2023 Chicago, IL

#### **Joint Accreditation Statement**

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and Society of Pediatric Psychology. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education

for the healthcare team.

#### **Psychologists (APA) Credit Designation**

This course is co-sponsored by Amedco and Society of Pediatric Psychology. Amedco is approved by the American Psychological Association to sponsor

continuing education for psychologists. Amedco maintains responsibility for this program and its content. 18.75 hours.

The following state boards accept courses from APA providers for Counselors: AK, AL, AR, AZ, CA, CO, CT, DC, DE, FL, GA, HI, IA, ID, IL, IN, KS, KY, MD, ME, MO, NC, ND, NH, NE, NJ, NM, NV, OK\*, OR, PA, RI, SC, SD, TN, TX, UT, VA, WI, WY

MI: No CE requirements

The following state boards accept courses from APA providers for MFTs: AK, AR, AZ, CA, CO, CT, DE, FL, GA, IA, ID, IN, KS, MD, ME, MO, NE, NC, NH, NJ, NM, NV, OK\*, OR, PA, RI, SC, SD, TN, TX, UT, VA, WA, WI, WY

MA / MFTs: Participants can self-submit courses not approved by the MAMFT board for review. The following state boards accept courses from APA providers for Addictions Professionals: AK, AR, CO, CT, DC, DE, GA, IA, IN, KS, LA, MD, MO, MT, NC, ND, NE, NJ, NM, NY (outstate held), OK\*, OR, SC, UT, WA, WI, WY

\* OK accepts APA credit for live, in-person activities. For all ethics and/or online courses, an application is required.

The following state boards accept courses from APA providers for Social Workers: AK, AR, AZ, CA, CO, DE, FL, GA, ID, IN, KY, ME, MN, MO, NE, NH, NM, OR, PA, VT, WI, WY

#### **New York Board for Psychology (NY PSY)**

Amedco is recognized by the New York State Education Department's State Board for Psychology as an approved provider of continuing education for licensed psychologists #PSY-0031. 18.75 hours.

#### Acknowledgements

We thank all the individuals involved in planning and organizing SPPAC 2023 for their contributions to the conference. Each person listed below generously donated their time and expertise to ensure the conference's success. We cannot thank you enough!

#### **Invited Speakers**

Harolyn M.E. Belcher, MD, MHS, is a Vice President and Chief Diversity Officer (CDO), Director of the Office for Health Equity Inclusion and Diversity, and Senior Director of the Center for Diversity in Public Health Leadership Training at Kennedy Krieger Institute. As CDO, she is responsible for equity, diversity, and inclusion (EDI) initiatives for the over 2,600 employees at the Institute and extends her efforts to social justice and EDI efforts in Baltimore City and nationally. She is a Professor of Pediatrics at The Johns Hopkins University School of Medicine. Dr. Belcher is the Associate Director of the Leadership Education in Neurodevelopment and Related Disabilities (LEND) Program at the Kennedy Krieger Institute. Dr. Belcher is the chair of the Maryland American Academy of Pediatrics, Inclusion-Diversity Anti-Racism and Equity (I-DARE) Committee and co-chairs the Baltimore City Social Determinants of Health Taskforce, Health and Human Services subcommittee. Dr. Belcher received 17 years of funding from the CDC Office of Minority Health and Health Equity to promote public health careers for undergraduate through graduate, medical, dental, pharmacy, and veterinary students. She has served on the National

Academy of Sciences, Engineering, and Medicine (NAS) Board on Children, Youth, and Families and the NAS Forum on Child—Cognitive, Affective, and Behavioral Health. She received the Johns Hopkins Institutions Diversity Recognition Award, the Association of University Centers on Disabilities, Multicultural Council Leadership in Diversity Award, and Morgan State University ASCEND Program Exemplary Mentor Award. Dr. Belcher is married and is the mother of two adult offspring and grandmother of three.

**Daniel E. Dawes, J.D.**, is a widely respected healthcare and public health leader, health policy expert, educator, and researcher who serves as Senior Vice President of Global Health Equity and the Executive Director of the Institute of Global Health Equity at Meharry Medical College. Prior to this, he served as Executive Director of the Satcher Health Leadership Institute and a Professor of health law, policy, and management at Morehouse School of Medicine. He is the author of two groundbreaking health policy books, 150 Years of ObamaCare and The Political Determinants of Health, both published by Johns Hopkins University Press. Among his many achievements, he was an instrumental figure in developing and negotiating the Mental Health Parity Act, the Genetic Information Nondiscrimination Act, the Americans with Disabilities Act Amendments Act, and the Affordable Care Act's health equity-focused provisions, among other landmark federal policies, as well as the principal investigator for the nation's first health equity tracker, co-founder of the Health Equity Leadership and Exchange Network (HELEN), and a principal investigator of the HHS National COVID-19 Resiliency Network. Professor Dawes is an elected member of the National Academy of Medicine and an elected

fellow of the New York Academy of Medicine. He serves as an advisor to The White House COVID-19 Health Equity Task Force, an appointed member of the CDC's Advisory Committee to the Director where he co-chairs the CDC's health equity work, and the NIH's National Advisory Council for Nursing Research.

David M. Huebner, PhD, MPH received his PhD in Clinical Psychology from Arizona State University and his MPH in epidemiology from the University of California, Berkeley. He is currently a Professor in the Department of Prevention and Community Health at George Washington University (GWU), and is Co-Director of the Social and Behavioral Sciences Core at the Washington, DC Center for AIDS Research. Prior to joining the faculty at GWU, he was on the faculty in the Department of Psychology at the University of Utah and in the School of Medicine at the Center for AIDS Prevention Studies at the University of California, San Francisco. His research examines how discrimination from families, schools, and communities impacts HIV risk and other health outcomes among sexual minority adolescents and young adults, and how preventive interventions can help mitigate those impacts. His current NIH

funding focuses on designing and testing the efficacy of parent-focused interventions to improve sexual health among gay and bisexual adolescents. Dr. Huebner has a strong commitment to mentoring doctoral students and junior faculty, particularly those from underrepresented groups. He is also invested in supporting community organizations' efforts to engage in evidence-based practices – he has served on several local and regional HIV prevention community planning groups and was the Chair of the National Board of Directors for the Gay, Lesbian, Straight Education Network (GLSEN), a national nonprofit that seeks to improve K-12 school experience for sexual and gender minority youth.

We're on a journey to discover better ways of approaching children's health. It all begins with our culture of inclusion, where diversity of thought reflects the world we live in and supports our ability to positively impact communities. A new age of health has dawned — one without limits, beyond the expected, which we believe will lead to the healthiest generations of children.

Named a "Best Employer for Diversity 2020" by Forbes

Well Beyond Medicine®

Go well beyond at Nemours.org/OHEI.

## Help Light The Way for children's mental health.

CHKD's new pediatric mental health facility, Children's Pavilion in Norfolk, Virginia.

To join the CSG team at CHKD, contact CSGHelp@CHKD.org, or for additional information, visit CSGDOCS.com.

Join the Psychiatry and Psychology Division of Children's Specialty Group (CSG) at Children's Hospital of The King's Daughters (CHKD)

Health System. CHKD's new mental health hospital and outpatient center will be a beacon of health, healing, and hope for all children. The facility, now opening in phases, will begin to address the critical shortage of mental health services for children in our region and beyond with a focus on programs for patients for whom care is either unavailable or scarce.

Central to the success of CHKD's mental health initiative are the qualifications and commitment of the more than 400 pediatric mental health professionals and support staff who are bringing this new facility to life. Benefits include faculty appointment at Eastern Virginia Medical School; competitive salary; relocation assistance; generous CME, malpractice insurance; retirement plan; profit-sharing; health insurance; and short- and long-term disability.

601 Children's Lane, Norfolk, Virginia

# Publish your research with the Journal of Pediatric Psychology

Now accepting high quality clinical and scientific papers relating to all aspects of the *Journal of Pediatric Psychology*.

Publish with the *Journal of Pediatric Psychology* and you will benefit from:

- Support from our editorial team and our rigorous peer review process, ensuring that your research findings are published at their best.
- Being guided by experts in the field of pediatric psychology.
- Post-publication publicity opportunities to maximize the impact of your research.
- A global readership and author community.
- And more...

The Division of Psychology and Behavioral Health at Children's National Hospital is committed to improving the lives of children, adolescents and families through the provision of world class behavioral and mental health care.

## UNIVERSITY OF IOWA CARVER COLLEGE OF MEDICINE

University of Iowa Stead Family Department of Pediatrics

#### PEDIATRIC PSYCHOLOGY

University of Iowa Stead Family Department of Pediatrics is seeking to hire a Pediatric Pain Psychologist, two Pediatric Health Psychologists, and an Adolescent Medicine Psychologist.

For all three positions, appointment rank is open and may be to either the tenure track or clinical (non-tenure) track consistent with clinical experience and research interest. Appointment rank to Associate of Pediatrics (non-tenure track) may also be considered.

Learn more about our team!

## ADOLESCENT MEDICINE PSYCHOLOGIST (1)

Requisition #74373

## HEALTH PSYCHOLOGISTS (2)

Requisition #74504

## PEDIATRIC PAIN PSYCHOLOGIST (1)

Requisition #74500

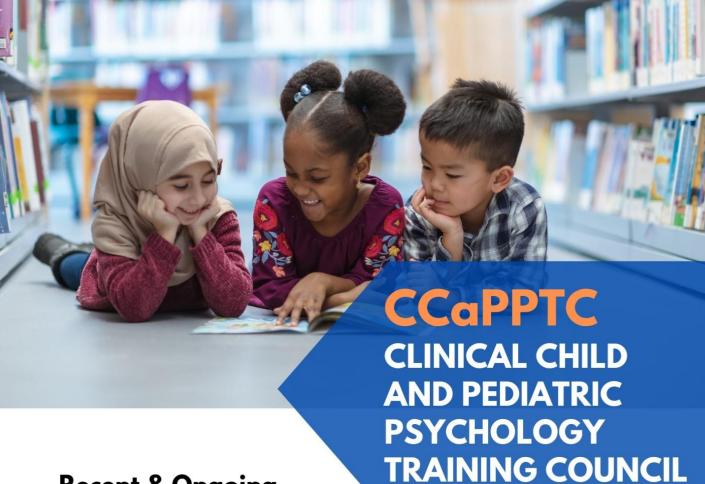

UI Stead Family Department of Pediatrics comprises the medical and research staff of the University of Iowa Stead Family Children's Hospital, one of the nation's top-ranked pediatric care and research institutions. It is the only university-affiliated hospital in Iowa devoted solely to the care of infants, children, adolescents, and young adults, and is Iowa's only accredited Level 1 Regional Resource Pediatric Trauma Center. In 2022-23, UI Stead Family Children's Hospital ranked in seven pediatric specialties in the Best Children's Hospitals by *U.S. News & World Report*. It is the only hospital in Iowa to be nationally ranked by *U.S. News & World Report* for children's care.

The University of Iowa Roy J. and Lucille A. Carver College of Medicine is one of the nation's top medical schools. It is ranked No. 41 in research in the 2023 *U.S. News & World Report* listing of "Best Graduate Schools," and it is ranked No. 16 in National Institutes of Health (NIH) funding among public institutions by the Blue Ridge Institute for Medical Research. The UI Stead Family Department of Pediatrics is currently ranked No. 25 in NIH funding among all public pediatric departments nationwide.

The University of Iowa is an equal opportunity/affirmative action employer. All qualified applicants are encouraged to apply and will receive consideration for employment free from discrimination on the basis of race, creed, color, national origin, age, sex, pregnancy, sexual orientation, gender identity, genetic information, religion, associational preference, status as a qualified individual with a disability, or status as a protected veteran.
