

Poster Session I April 25, 7:00 - 8:00pm			Topics: Allergic Diseases, Diabetes, Digital Health, Gender Health, Intervention Development, Obesity, Primary Care, Quality Improvement, Rehabilitation Medicine, Sleep, Solid Organ Transplant, and Telehealth		
Poster #	Last Name	First Name	Submission Title	Primary Topic	Abstract ID
12	Anifowoshe	Kashope	Behavioral Intervention Reduces Intrusive Parenting Behaviors in Mothers of Adolescents with Type 1 Diabetes	Diabetes	1660666
75	Auckland	Paige	Chronic Illness Coping: An Open Trial of a Group Adaptation of the Children's Health and Illness Recovery Program (CHIRP)	Intervention Development	1661656
132	Barakat	Lubna	The Impact of Family Distress on Medical Providers in the PICU	Critical Care	1734046
61	Barrett	Jasmin	Evaluating the limits of a telehealth group intervention for pediatric needle fear in the wake of the COVID-19 pandemic	Telehealth	1662030
31	Basch	Molly	Mindfulness-based group intervention for adolescents with Type 1 diabetes (T1D): Initial findings from a pilot and feasibility randomized controlled trial	Diabetes	1653132
77	Berger	Conney	Development of a Brief Assessment Battery to Inform Clinical Interventions During Multidisciplinary Visits for Patients with Neurofibromatosis Type 1	Intervention Development	1663265
68	Bonanno	KellyAnn	Barriers to Mental Health Service Utilization after Pediatric Traumatic Brain Injury	Other	1662926
43	Bontemps	Andrew	HEADSS held high: Examining substance use and mood screening of adolescents in primary care	Primary Care	1661553
134	Bristol	Madison	Systematic Review and Meta-analysis of Psychological Interventions for Depression in Pediatric and Young Adult Health Populations	Other	1659955
116	Bryant	Breana	Home is Where Your Health Starts: The Impact of Neighborhood Conditions on Physical Health, Neuropsychological, and Academic Outcomes in Youth with Spina Bifida	Other	1660050
137	Brydon	Cassidy	To consent or not consent: Ethical implications of consent acquisition for mental health medical record review in a pediatric cancer survivor population	Other	1663960
6	Buckloh	Lisa	Nonbinary Adolescents: Steps of Transition and Interest in Gender-Affirming Medical Care	Gender Health	1664639
26	Campbell	MaryJane	Exploring predictors of successful healthcare transition in young adults with type 1 diabetes	Diabetes	1654213
17	Carrera Diaz	Kenia	Co-Designing an Intervention to Improve Type 2 Diabetes Management among Early Adolescents based on a Shared Medical Appointment Model	Diabetes	1667229
124	Catlin	Perry	Exploring Food Allergy Management Responsibility and Perceived Stress Among Pediatric Patients and Caregivers	Allergic Diseases	1667232
90	Chaves	Eileen	Adolescent Bariatric Surgery Psychological Assessment: An examination of real-world practices	Obesity	1663059
115	Choate	Ellison	Exploring the intersection of identities for gender diverse youth with chronic pain and autism spectrum disorder	Other	1666132

23	Choquette	Adora	Direct and indirect effects of microaggressions and diabetes-related stress on HbA1c in diverse youth with type 1 diabetes	Diabetes	1660595
99	Chuning	Anne	Rates of Food Insecurity and Its Influence on Parent/Child Dyad Mental Health and BMI in a Rural Pediatric Obesity Intervention	Obesity	1659232
80	Curzon	Madeline	Initial Promise of Child-Parent Psychotherapy in Improving Stress and Postpartum Depression Among Mothers Experiencing Homelessness	Intervention Development	1661713
94	Curzon	Madeline	Exploring Physical Health Outcomes in a Clinical Sample of Young Children with and without ADHD: The Role of Neighborhood Factors	Obesity	1661688
118	Dammann	Anna	Associations between substance use and mental health among pediatric patients awaiting solid organ transplant	Solid Organ Transplant	1768962
4	Dattilo	Taylor	The Impact of Adverse Childhood Experiences on Social Support and Posttraumatic Stress Among Parents of Children Admitted for Rehabilitation	Rehabilitation Medicine	1665909
138	David	Jennie	Unmet Psychosocial Needs among Pediatric Outpatient Urology Patients with Urinary Incontinence	Other	1654007
143	David	Jennie	Supporting Timely, Neutral, and Calm Discussions about Ostomies in Pediatric IBD: An Interprofessional Quality Improvement Project	Quality Improvement	1634227
83	Davis	Kathryn	Perceived Benefits of a Trauma-Focused Group Intervention for Adolescent Siblings of Youth with Cancer: Findings from a Small Feasibility Trial	Intervention Development	1662163
84	Davis	Brizhay	Perceptions of the Sleep Well! Early Childhood Intervention: A Convergent Mixed Methods Study	Intervention Development	1662815
13	Delamater	Alan	Behavioral Self-Control and Glycemic Control in Youth with Type 1 Diabetes: Mediation by Family Conflict	Diabetes	1667011
25	Desai	Kishan	Exploring factor structures of the Psychosocial Assessment Tool (PAT) 2.0 in Youth with Type 1 Diabetes	Diabetes	1662617
54	Deutsch	Gabrielle	An investigation of state versus trait sleep and cognition among typical neuro-developing children and adolescents: pilot	Sleep	1663680
27	Dimentstein	Karen	Healthcare Utilization & Disparities in Pediatric Diabetes Care During COVID-19	Diabetes	1662361
144	Drake	Morgan	The Role of Psychology in Implementation of Substance Use Screening in a Pediatric Level 1 Trauma Center	Quality Improvement	1630787
139	Ehrhardt	Meredith	Mentorship for Early Career Pediatric Psychologists: Current Trends and Considerations	Other	1769146
122	Engel	Melissa	Child Chats: An Online Video-Based Peer Support Program for Children with Food Allergies	Allergic Diseases	1660880
15	Eshtehardi	Sahar	Characterizing experiences of caregiver support among parents of children and adolescents with type 1 diabetes: A qualitative study	Diabetes	1663632
9	Feldman	Marissa	A novel telehealth intervention to support families after a new T1D diagnosis: Acceptability of Triple T pilot trial	Diabetes	1663385
59	Fields Creech	Kristin	Prenatal Depression and Infant Sleep: The Moderating Role of Birth Satisfaction	Sleep	1662790
74	flagg	Amanda	A Pilot Evaluation of an ADHD Specialty Clinic: Increasing Access to Evidence-Based Assessment	Intervention Development	1663722

<b>86</b>	<b>Flannery</b>	Meghan	Team Survivor: A Pilot Program to Increase Physical Activity in Pediatric Oncology and Bone Marrow Transplant Survivors	Intervention Development	1662645
<b>93</b>	<b>Forth</b>	Emily	Examining the associations between weight/shape concerns and weight-related quality of life at varying BMI levels among adolescents	Obesity	1667168
<b>113</b>	<b>Frank</b>	Miranda	Examining BMI Diversity Among a Clinical Sample of Children with Avoidant-Restrictive Food Intake Disorder	Other	1656421
<b>133</b>	<b>Garofano</b>	Jeffrey	Pediatric Bowel and Bladder Dysfunction: Expectations of Treatment Response based on Symptom Severity Classification	Other	1657803
<b>96</b>	<b>Garr</b>	Katie	Parent-adolescent conflict relates to adolescent BMI at treatment onset in a behavioral weight management program	Obesity	1656886
<b>98</b>	<b>Gates</b>	Taylor	Predictors of Treatment Responsiveness and Clinic Attendance Among Children with Early-Onset Severe Obesity in a Weight-Management Clinic	Obesity	1651834
<b>52</b>	<b>George</b>	Gabriella	Parents' Perspectives Toward Genome Sequencing in Racially and Ethnically Diverse Children and Young Adults with Neurodevelopmental Disorders within Integrated Primary Care	Primary Care	1723300
<b>109</b>	<b>Germann</b>	Julie	Clinical and Industry Partnership Considerations for mHealth Products in a Pediatric Medical Setting	Digital Health	1667024
<b>34</b>	<b>Gillenson</b>	Caroline	Self-management Behaviors Mediate the Relationship between Distress and Glycemic Control in Youth with Type 1 Diabetes	Diabetes	1662321
<b>62</b>	<b>Golik</b>	Alexandra	TELEHEALTH BEHAVIORAL COACHING TO SUPPORT OUTPATIENT TUBE WEANING: PATTERNS AND FEASIBILITY	Telehealth	1658964
<b>100</b>	<b>Gonzalez-Louis</b>	Rachel	Suicidal Behaviors in Young Adults Across the Weight Spectrum	Obesity	1660559
<b>66</b>	<b>Hacker</b>	Nathan	Adolescent and caregiver perceptions of the family meal environment and its role in overeating behavior	Other	1661758
<b>117</b>	<b>Hale</b>	Amy	INITIAL PROMISE AND ACCEPTABILITY OF A GROUP-BASED CAREGIVER INTERVENTION FOR PEDIATRIC ENCOPRESIS	Gastroenterology	1769332
<b>65</b>	<b>Hanson</b>	Aryanna	The Efficacy of Telehealth in Treating Pediatric Disorders of the Gut-Brain Interaction	Telehealth	1769363
<b>14</b>	<b>Harmon</b>	Raquel	Beyond Blood Sugar: Psychosocial Predictors of ED Visits in Youth with T1D and Elevated HbA1cs	Diabetes	1661021
<b>104</b>	<b>Harry</b>	Kasey	Empowering Adams County: Bridging Health Disparities through Community Collaboration	Other	1653792
<b>89</b>	<b>Hefner</b>	Tristen	Preliminary Results of a Hands-On Gardening Intervention for Pre-School-Age Children	Obesity	1663233
<b>136</b>	<b>Hernandez</b>	Melissa	The Influence of Community Factors on Academic Achievement in a Clinical Sample of Young Hispanic/Latino Children: The Role of Executive Functioning	Other	1657720
<b>121</b>	<b>Hill</b>	Kylie	Caregiver Stress in the Context of Pediatric Asthma: Impact on Parent-Child Communication Patterns and Youth Quality of Life	Allergic Diseases	1666875
<b>28</b>	<b>Ho</b>	Sally	How Stress, Perfectionism, and Social Determinants of Health Relate to Diabetes Distress in Adolescents with Type 1 Diabetes (T1D)	Diabetes	1661539
<b>5</b>	<b>Huit</b>	T. Zachary	Navigating Transphobia: Experiences in Sociocultural Context for Transgender and Gender Diverse Youth and Families	Gender Health	1664177

<b>30</b>	<b>Jackson</b>	Corey	Importance and rates of patient-provider cultural identity congruence among youth living with type 1 diabetes	Diabetes	1667086
<b>145</b>	<b>Jong</b>	Kelsey	Improving Pediatric Psychology Services in a Multidisciplinary Severe Asthma Clinic: Feedback from a Youth Advisory Council, Providers, and Caregivers	Quality Improvement	1767870
<b>146</b>	<b>Jurbergs</b>	Niki	Psychoeducation for caregivers increases responsive care for young children on the inpatient unit: A quality improvement project	Quality Improvement	1757791
<b>29</b>	<b>Kahhan</b>	Nicole	Implementation of Diabetes Distress Screening in a Pediatric Endocrinology Clinic	Diabetes	1665746
<b>37</b>	<b>Kahhan</b>	Nicole	The Relationship between Fear of Hypoglycemia and other Psychosocial Variables in Parents of Young Children with T1D	Diabetes	1642796
<b>57</b>	<b>Kamhout</b>	Sarah	(Un)Pleased to Meet You? Experimental Manipulation of Sleep Timing and Reactivity to Facial Valence in Adolescents	Sleep	1664582
<b>16</b>	<b>Kang</b>	Leyi	Child behavior problems in early childhood: Looking at change over time and comparisons between children newly diagnosed with type 1 diabetes (T1D) and a community sample	Diabetes	1663332
<b>76</b>	<b>Kaur</b>	Navneet	Description of Culturally Adapted Family Problem-Solving Therapy for Hispanic Families in Pediatric Cancer Settings.	Intervention Development	1664178
<b>101</b>	<b>Killian</b>	Haley	THE ROLE OF PARENTAL FACTORS IN WORKING WITHIN PEDIATRIC OBESTIY TREATMENT	Obesity	1767966
<b>81</b>	<b>Ko</b>	Clara	Longitudinal Impact of a Single-Session Cognitive Behavioral Intervention on Intelligence and Cognitive Functioning in Pediatric Neurofibromatosis	Intervention Development	1663417
<b>87</b>	<b>Lahoud</b>	Ashley	The Food Allergy Superheroes Training (FAST) Program: Stakeholder Feedback, Open Trial Discoveries, and the Pitfalls to Recruiting during a Pandemic.	Intervention Development	1666495
<b>125</b>	<b>Lahoud</b>	Ashley	Food Allergy and School Policy Prevalence and Outcomes: A Systematic Review	Allergic Diseases	1650995
<b>32</b>	<b>LaQuaglia</b>	Rebecca	Modifiable Psychological Factors Associated with Diabetes-Specific Distress in Adolescents with Type 1 Diabetes	Diabetes	1664205
<b>58</b>	<b>Lecarie</b>	Emma	Importance of Sleep in the Relation between Pubertal Development and Internalizing Symptoms for Youth at Pubertal Onset	Sleep	1648915
<b>73</b>	<b>Ledsham</b>	Victoria	A Novel Multi-Disciplinary Diagnostic Service for Autism Spectrum Disorder in Young Children	Intervention Development	1662887
<b>107</b>	<b>Lelakowska</b>	Gabriela	Rates of substance use in pediatric solid organ transplant candidates: The role of pediatric psychology in universal screening	Solid Organ Transplant	1662784
<b>38</b>	<b>Lupini</b>	Francesca	Income as a moderator for the effects of a mindfulness-based intervention for adolescents with type 1 diabetes	Diabetes	1767654
